MEASUREMENTS

One tape, fixed spots, same time of day. Week one and week eight side by side.

Name

Start date

	WEEK 1	WEEK 8	CHANGE
Date taken			
Body weight			
Chest			
Waist (at the belly button)			
Hips			
Right thigh			
Right upper arm			
Best lift or class score			
Resting heart rate (optional)			
Notes			

Waist is the number that matters most. Weight moves with water, salt and sleep; the tape does not.

Photos are optional and yours. Nothing is shared without your written yes.

FINISHED YOUR EIGHT WEEKS?

If it worked for you, a Google review is the most useful thing you can give the gym. Scan the code, it takes two minutes, and say what you did and what changed.

WEEKLY FOOD LOG

A few honest words per meal is enough for us to review your week together. No calories needed.

	Breakfast	Lunch	Dinner	Snacks	Water
Mon					
Tue					
Wed					
Thu					
Fri					
Sat					
Sun					

Nothing is banned. 90% of meals on the system, the other 10% is life. A good week beats a perfect day.

WEEKLY HABIT TRACKER

Tick each habit you complete. The aim is not a perfect week; it is more ticks than last week.

	Mon	Tue	Wed	Thu	Fri	Sat	Sun
Protein at every meal							
Vegetables eaten							
Fruit eaten							
Water target							
Completed food log							
Training completed							
Walk completed							
Sleep target achieved							

Weekly review: what went well, and the one habit to improve next week. Bring both to your check-in.
